

What About The Tree of Knowledge

Genesis 3:1-7

Remember Satan's Main Strategy... Attack man's mind through deceit/untruth

James describes the process of temptation and sin...

Jms. 1:13-16.

1- The Essence of this tree is not in substance of the fruit, but in stepping outside the boundaries of God.

2-In the crunch time of trial, one is tempted to focus on only one part of reality. This is distortion.

3-This tree is the test about believing, trusting and obeying God.

Ge.3:7—*"The eyes of them both were opened... they knew..."* What did they now know?
