

Holding The Power of Blindness

2nd Corinthians 4:1-4

Remember Satan's Main Strategy... Attack man's mind through deceit/untruth

Some refer to this passage as the "panorama of unbelief." The people being described are the "perishing". The devil's power is not equal to God's power or Holy Spirit power or resurrection power or prayer power, but the devil does have a measure of power. Consider his evil influence:

1- His power has to do with worldly desires, not the unavailability of light!

2-His power has to do with evil intent, not the desire of God. (2nd Pet. 3:9)

3-His power has to do with a rejection of truth, not for a lack of evidence.

4- His power has to do with the objects of love, not being unloved by God. (Jn.3: 16,19)

5-His power has to do with a defiance of God's authority, not a lack of clarity about His will.
