

Doing Church in Modern World-8 Godliness, Gain, and Sacred Trust

1st Timothy 6:1-21

How we develop
Christlikeness AND
how we deal with
materialism are two
of the greatest
challenges facing
Christians in this modern world.

At the point of entering adult life, living out adult life and retiring from one's life career pose challenges and possibly struggles for every stage of the journey.

1– We must do whatever it takes so that God's Name and teaching is not maligned. (v.1-2)

2– The church must be protected from false teaching and divisive people. (v.3-5)

3– Godliness and contentment make for a powerful combo of inner life assets. (v.6-10)

4– Spiritual treasures must be safeguarded and spiritual pursuits made a priority. (v.11-21)

There is no escaping the fact that we live and function in a modern, some say post-modern world. God is watching and the world is watching. How are we doing?
