

I Believe in The Church

Acts 2:47, Matthew 16:13-19

Jesus promised that He would build HIS church and indeed He did!

If we have learned anything through this study, it is that we must be involved.

While the term “church” is not in vr.47, it is implied. First location in Acts is 5:11.

1– The church is where God puts the people He is saving! (v.47)— “The Lord added...”

2– Being saved has a specific beginning point and a continuing action. “those being saved.”

3– Those who are added can be subtracted if lives are not lived out in holiness. (see 5:1-11)

The rest of the book of Acts is the historical record of how God was doing this over the next 35 years.
