

## THREE ASPECTS OF HOLINESS 1st Corinthians 1:1-3; 6:11

Holy-holiness in its various forms is found some 600 times in the Bible. The original word for holy/holiness actually applies in three ways to the believer.

***There is “positional” holiness—the state we enter when we first become a Christian.***

This is INSTANTANEOUS since it is a state God places us in!

***There is “progressive” holiness, an aspect of spiritual transformation.***

This is GRADUAL since we develop and grow in Christlikeness all through life.

***There is “perpetual” holiness when we step into glory.***

This is “forever” and permanent holiness we will share in His presence.

***Don't miss a main point of the last book of your Bible—the glorious holiness of heaven and horrific hellishness of hell!***
