

GLORY TO THE GARDENER

John 15:8

Every work of the Godhead and every response of man is to be for the ultimate ***“praise of His glory.”*** (See Eph.1)

Both the O.T. word (kabod) and the N.T. word (doxa) have to do with the inherent value, worth and honor found in God alone, and how we ascribe that worth and honor to Him.

And lest we forget... God is the caretaker of this vineyard... He is the One to be glorified above all!

1– Just what brings Him glory? Honoring His program for life...

2– Jesus’ whole life was about bringing glory to God...

3– Bearing fruit speaks to our purpose... our efforts should center in rescuing, recovery, and reconciliation to God... the duplication of Christlikeness in others.

This simultaneously serves to offer proof of our discipleship to Christ. (A final key verse—1st Cor. 10:31)
