

Those Good Ole Days

Psalm 42:1-11 (v. 4)

One wise sage asked if 20 years from now... let's see... that would 2040, if anyone would look back and point to 2020 and say "I remember those good ole days in 2020."

Reflecting on them can be a calming blessing, a nostalgic perspective or a detour from effective living in the present!

Ecclesiastes 7:10

1– Troubling times provide opportunity to look back to days gone by.
Vv. 3, 5, 11

2– Remembering those good ole days are often from quite selective memories.
Numbers 11:5; Exodus 16:1-3

3– Times past can teach a valuable lesson for the present.
V. 6-8, 11b

Living in today may allow for cherishing the best memories of the past, but requires we give and do our best for this moment in time.
