

Two Sins Against The Word

Proverbs 30:5-6

The Bible is a sacred and unique Book. While penned by men, it is authored by God. While published on earth, it is inscribed from the mind of God.

We've got to be able to answer those who question the place of the Bible.

And to provide a consistent answer, we must be sure NOT to sin against the Word ourselves. Jesus never confronted the pagans for their rejection of the Bible of His day... but He sure had much to say to religious leaders who were mishandling the Word. They sinned against it in two ways:

1– By taking away from it...

2– By adding to it...

We must reread and recommit to 2nd Timothy 3:16...

“What the church lacks in our time is NOT a reliable text of the Bible; but faith in a sufficiently reliable text.” (Franis Piper)
