

What's Next? ... after the drift?

Hebrews 2:1Hebrews 12:1-3

This sermon series is a call for all of us to do a perspective check... assess where you are and ask... "so what's next?"

How many believers wind up going through the remainder of life adrift from faith... no anchor, no sails, no rudder... just at the mercies of the current.

It's so easy to go adrift. In fact it hardly takes any effort at all.

God gives an anchor for the soul... (He. 6:19-20)

1– How does it happen to a Christian?

2– Where does it ultimately lead?

3– What counsel does God give to avoid it or return from it?

*There is a tragedy much worse than this virus...
"See to it that no one comes short of the grace of
God." (He. 12:15)*
