

Can Historic Christianity Stand Up... To Our Doubt?

Mark 9:14-24

Doubt is an uncomfortable thing in the church, mostly frowned upon and sometimes outrightly condemned.

Can Historic Christianity
Stand Up To...

Our Doubts?

Remember Jude 22!

Now doubt is not to be glossed over, taken lightly or ignored.

Doubt can be spiritually dangerous. Yet true Christianity can stand up to it!

Doubters are in some pretty good company... Doubts come from varied sources. And require different responses.

Let's get honest about doubt:

1– Let's know the difference between staunch unbelief and struggles of faith.

2– Let's acknowledge the danger of compartmentalizing life... the spiritual vs. the secular.

3– Let's act with all spiritual senses engaged when enduring seasons of doubt.

Faith is honest, realistic and grounded in historic Christian truth
