

Sovereignty and Providence of God

Daniel 2:17-24

Who really is in charge of the world anyway?

Two terms:

Sovereignty—Since God is THE Creator, that makes Him also

the RULER over all and He governs by wisdom, holiness, justice and mercy on His timeline according to His will.

Providence—God exercises the power to govern and arrange whatever He, as Rule wills to be.

God sees and knows all things about this world He has made.

God has an ultimate purpose for this world He has made.

God has the wisdom and power to rule men and nations to achieve His purpose(s).

Back to Nebuchadnezzar's dream... Not only was the dream revealed and interpreted, but through the next 5 centuries, it all unfolded just as God said it would. ***And that is because of the Sovereignty and Providence of God!***
